TOURNAMENT RESULTS

Instructions

- ▶ *The tournament winner photo* needs the following information: Name of Tournament, dates of the tournament games, name of the winning team, and a list of players and their handicaps. Make sure you print the player's full name, with the correct spelling.
- ▶ *MVP/Best Playing Pony* should also be listed with the tournament results.
- ▶ *Equine Welfare Representative* should also be listed with the tournament results.
- ▶ *Officials names:* Make sure to print the officials full names (not nicknames), with correct spelling.
- ▶ *The Event Summary of Games* doesn't have to be completed on the USPA form, but should contain the information needed for the yearbook. Any computer-generated forms that contain the pertinent information along with extra information such as dates, times, field assignments, scores, and tournament winners is acceptable.
- ▶ *The Summary of Team Entries* includes all teams that played in the tournament and the list of their players and player handicaps. Once again, the spelling of the players name is very important when printing the yearbook. If you list the players nickname, please also list his/her full name.
- ▶ *All Tournament Score Sheets* are to be sent to the USPA office. The office staff checks the handicaps and their membership status again to verify their eligibility. Please indicate the final match so we can verify the winner with the photo.

We can't stress the importance of your club providing the USPA staff with accurate and legible information so that history can be recorded correctly in the YEARBOOK!

 1 2
2. In case teams get mixed up in the direction they are traveling, you can determine the correct direction by the direction they started at the beginning of the chukker and the number of goals scored. (Example: Odd goals are the opposite direction, even goals, the same direction, unless a Penalty #1 is awarded.)

Instructions for Keeping Score

1. Each goal scored shall receive a consecutive alpha (A, B, C, etc.) designation.
2. Goals are to be entered beside the scoring player's name.
3. The alpha sequence of goals will indicate the scoring pattern.
4. The score shall be subtotaled after each chukker, and the running total, including handicap, carried forward, then compared to the score board for accuracy. Do not start the chukker until the difference is determined and corrected.
5. Penalties converted are indicated by inserting the penalty number with the alpha designation. (A.4 or B.2)

Instructions for Counting "Penalty Hits"

1. Each Penalty awarded shall be indicated by the number of the Penalty (1, 2, 3, 4, 5, 6) entered in the "Penalty Hits" box. 4. 3. 5. 2 Etc.
2. If the Penalty is converted to a score, the Penalty number is circled. 4, ③, 5, ②
3. Re-hits of the same Penalty are not considered "new" Penalties.

Instructions for Tracking "Knock-Ins"

1. Indicate the number of knock-ins taken by a mark in that team's box.
2. Knock-ins are a means of tracking missed shots on goal.

Comments and explanations required may be made in the space at the bottom of the Score Sheet. Note specific information during an injury. i.e. The chukker, time on the clock, who was injured. You may want to have the EMT/Paramedic/Doctor write a brief description of injury and course of action taken.
